A wide-angle photograph of the front interior of a Scorpio SUV S11 Adventure. The view is from the driver's perspective, looking towards the dashboard and steering wheel. The steering wheel is black with a silver-colored center and features the Mahindra logo. The instrument cluster behind the steering wheel has a digital display in the center and analog gauges on either side. The dashboard is black with silver accents and features two air vents. The center console has a 7-inch infotainment screen, a gear shifter, and handbrake. The seats are black with a blue mesh-like pattern on the backrests. The overall interior is modern and well-equipped.

The special edition Scorpio SUV S11 Adventure offers all of the S11 specification level interior luxuries. This includes electronic climate control, power steering, cruise control, a voice-command system and electric windows all round. Scorpio SUV S11 Adventure also sports a 7" infotainment system that offers greater touch-sensitivity for faster operation. The infotainment system incorporates a standard satellite navigation system, a USB and Bluetooth phone interface and high-resolution images of the reverse camera.

A detailed view of the engine compartment of a Mahindra Scorpio SUV S11 Adventure. The central focus is the black plastic engine cover with a silver mesh grille and the 'mHAWK' logo. To the left, a large black air filter sits atop the intake system. Various fluid reservoirs with yellow caps are visible. On the right, the battery is partially visible with red and black terminals. The entire scene is set against the metallic and plastic components of the engine bay.

power!

Under the hood of the Scorpio SUV S11 Adventure is Mahindra's powerful and popular 2.2 litre mHawk turbodiesel engine. This engine delivers 103 kW and 320 Nm of torque. The power is delivered to all four wheels through a new six-speed manual gearbox, and the driver has the ability to shift-on-the fly between 4H and 2H at speeds of up to 100 km/h.
